BROCK LUBBERS
Software Developer
blubbers122@gmail.com

ABOUT

When I made the decision to try my hand at coding, I had no idea it would launch a passion driven path to be a software developer. The challenging yet rewarding workflow of programming fits perfectly with my competitive nature, and the limitless uses of programming satisfy my desire to learn and improve my skillset.

EXPERIENCE

- JavaScript
- CSS
- HTML
- Python & Flask
- PostgreSQL
- C
- C++
- React
- Bootstrap
- jQuery
- Git

TECH SKILLS

HTTP

Command Line Interface

OOP

Using data in JSON

Accessing data from APIs

Analyzing documentation & using libraries

AJAX & socket communications with a server

Web development best practices

Data structures & algorithms

Building full-stack web apps

Full development process from brainstorming to deployment

ORM

EDUCATION
